We in the spot, bitches 'bout to knock
And it's 2 A.M., I got my gun, I don't box
She shaking that ass, she move it, it don't stop
She said, "I'm in the club and I'm doing my bop"
Mun-yun in the air, it's fallin' on the floor
But in my section, yeah, I got it all
Bottles and bitches, they wanna drink more
Like, get the Henny and Casa, and Don

Got my killers beside me, so it can get heavy
Like, they be clutchin', makin' sure we steady
It's a function, so we gettin' deady
Shelly, Kelly, and you know we got Becky
I can never go back to the old me
I'm a young rich nigga, plain brown face Rollie
And you wouldn't believe what they told me
They said, "Stop rapping, you gon' die rich and lonely"
But look at me now, I done run up that bread
Yeah, my life is a movie, I'm thumpin' through checks
Like, but I don't really like to flex
20K all at once, in the club what I spend

Like, all my bad bitches, like
Don't stop, don't stop, keep shakin' that shit
All of my gangsta niggas, like
If you got a knock, better walk with a limp

Don't stop, don't stop, keep shakin' that shit
