I'm tryna spin, leave a nigga dead  
Fuck Rah, he got hit in the head  
Sleeping in that cab, he said that's his bed  
I can get on that shit bitch I want all the req  
When we gon spin', better have a vet  
If not then you know it's a ticket to death  
Shooting with the 9 but he gotta switch  
Yeah I ain't gon lie, shit shoot like a TEC

Yea, like I said, DD is back  
Tryna reach for my chain, don't go out like Matt  
I threw a shot and hit his back  
Hop out the V, had them runnin' laps  
Nigga, I was tryna pack me a hat  
Shot after shot, I was letting it clap  
Free Dudeylo, yea he soon be back  
Riding around with the shit on my lap

Brodie just call me, said he got the scap  
Said one wrong move, and he lettin' it clap  
And you know that's my brother sending onna app  
100, 200, it don't even matter  
You can up knock, bet I up faster  
I threw a shot he got hit in the bladder  
Like, like ahh

In the whole summer, bro had the [?] on  
He was throwing at them but they didn't see em  
Shot after shot, he was tryna leave em'  
He was hangin' out Vs, that boy, he a demon  
Get a new knock, it's a new season  
I spot an opp, brodie get to squeezing  
Can't go in the jail cause they know Ima star  
Brodie tell me he ain't make it far  
One of my opp, better see you on stage  
And I mad he ain't die on that day  
That shit a kill, he alive? no way  
Well, fuck it, I'm smokin' his deads in the grave  
Oh and since y'all wanna call Notti crazy  
Oh ight bet, Lotti, Rah Rah, dead
