

Who I Am

DD Osama

Know shorty she love who I am
She gon' shake it and shake, she doin' her dance
Get behind it, she invitin' her friends
So I call up the bros, we gon' slide with the Benz
She my wife but she act like a friend
But she know the real vibe when it's just me and her
She my queen and she says that I'm him
(That's why I'll love you 'til the end)

Like baby come party, I know you a freak
Yeah, I love when you throwin' it back
Let's hop on the yacht, I'ma write me a track
I'ma talk about you, yeah, I know you love that
Like, like, shorty I'm a star, as a couple we could go far
Been through a lot, and I ain't tryna lose you
Lost my brother, this shit feel unusual, like damn
Like tell us the truth, I be spending my time in the booth
And half of the day, I be thinkin' 'bout you (That's why I'll love you 'til
the end)
Like, girl, I won't lie
I just promised, then looked in your eyes
You not a kill, you're one of a kind (That's why I'll love you 'til the end)

And I don't want no hoes
I want you and your friends with the bros
If a nigga try playin' then I gotta blow
Skrt off in the Range with the Rove', like
And the way that you hug me
That shit feel so different
I just hate it when you hide your business

I gave you a chance, you did bad, so now I'ma move and make you get to missin'

And there's so many bitches that be on my body, so
Come ride, and stay with me, until I die
(Yeah, come ride, and stay with me, until I die)
