I feel niggas plotting, I can feel it in my soul (No)
He not 'bout that action, he clout chasin', he a troll
My new girl is Spanish but no hablo Español
I lose all my morals with these females on the road
I feel niggas plotting, I can feel it in my soul (No)
He not 'bout that action, he clout chasin', he a troll
My new girl is Spanish but no hablo Español
I lose all my morals with these females on the road

I need all the profits, I don't like to do splits
Niggas hatin' on me 'cause they broke and I'm lit
She tried to keep me to herself but I can never commit
She know I'm fuckin' hella hoes but I would never admit
These niggas frauds, I don't know why they cappin'
I cannot believe one word that they rappin'
I got like three hoes that are stuffed in my wagon
Had four cups of Henney, I don't know what happened
When I come around I be making them nervous
Uber to the hills where there's Bentley, no service
I pop a her, I boot her, I'm closing the curtain, these girls want the clout
, these girls want the birkin'

But I'm not a come up
I've been working til the sun up (I've been working til the sun up)
My ex called but I hung up
I'm just tryna get my funds up
No time to be sprung up

I feel niggas plotting, I can feel it in my soul (No)
He not 'bout that action, he clout chasin', he a troll
My new girl is Spanish but no hablo Español
I lose all my morals with these females on the road

He not 'bout that action, he clout chasin', he a troll
My new girl is Spanish but no hablo Español

Don't know you, don't dap me
Duckin' these niggas, don't deaf me
Freaky lil bitch said, "Slap me"
I'ma pop her ass like acne
Tour on the road in a sprinter
We've been on the road since winter
Working too hard, skip dinner
Fuckin' all hoes, I'm a sinner
I don't need you I got me, bitch I'm hot just like the Taki's, chant like pa
ki, you can't stop me
Niggas are crazy 'cause they not me
I got the money, the fame, the hoes
I got the shoes, the chains, the clothes
I smell cap all in my nose
Roll on my right, just the way that I go

I feel niggas plotting, I can feel it in my soul (No)
He not 'bout that action, he clout chasin', he a troll
My new girl is Spanish but no hablo Español
I lose all my morals with these females on the road
