

Exotics

DDG

Devo this shit hard

I'm in the city, I'm whippin' exotics
She off of narcotics, she rubbin' my body
I think she popped her a X or Molly
I think she in college, but fuck it, we partied
It ain't no new friends, my nigga, we solid
We on it, we 'bout it, I don't even doubt it
My niggas lit in this bitch and we crowded
I can't leave without it, I will not allow it
I'm in the city, I'm whippin' exotics
She off of narcotics, she rubbin' my body
I think she popped her a X or Molly
I think she in college, but fuck it, we partied
It ain't no new friends, my nigga, we solid
We on it, we 'bout it, I don't even doubt it
My niggas lit in this bitch and we crowded
I can't leave without it, I will not allow it

I'm finna fly her ass out the state
She threw it back on me, shit was great
It ain't no new friends, niggas fake
These niggas rain drops, I'm a lake
Why you concerned about what I make?
You need to move around like a flank
Just know there's big M's in the bank
This is in real life, not a prank
I bought the Richard, the Rollie, the Patek, the AP
I'm rocking 'em four different days
You niggas different on how you be movin'
No manners, I think it was how you was raised
If it's the US or Europe, it don't even matter
Just pay me, I'm rockin' the stage
I know she wanna be part of my story
I told her to stop it and wait on her page

I'm in the city, I'm whippin' exotics
She off of narcotics, she rubbin' my body
I think she popped her a X or Molly
I think she in college, but fuck it, we partied
It ain't no new friends, my nigga, we solid
We on it, we 'bout it, I don't even doubt it
My niggas lit in this bitch and we crowded
I can't leave without it, I will not allow it
I'm in the city, I'm whippin' exotics
She off of narcotics, she rubbin' my body
I think she popped her a X or Molly
I think she in college, but fuck it, we partied
It ain't no new friends, my nigga, we solid
We on it, we 'bout it, I don't even doubt it
