DDG

Back in the day I was broke with no dolla  
Now I got Gucci all over my collar  
I do this shit for my mufuckin mama, my brotha my papa, my sista I got ya  
Sharp as a needle, I'm really a scholar  
I can be evil so don't even bother  
I'm not with the drama, got too many comas  
Not worried bout nada, hakuna matata

I put the smoke from the weed in my body  
Some will go tweak on some mufuckin molly  
I feel amazing can't nobody stop me  
My business is jumping like it's on an olly  
Tryna explain it but nobody get me  
Leaving my homies that ain't coming with me  
I give all this service, but nobody tip me  
They use me and move on as soon as I'm empty  
I cant count a penny, a dollar, a Benji,  
I swipe for 10 thousand, my wallet got plenty  
Don't ask me for any, I'm sorry, I'm stingy  
I was this way from the fuckin beginning  
They say I'm changing, I never agree  
Even with millions, I'm still DDG  
From the Pontiac streets bought a mansion for me  
Niggas asking for me, why they asking for me  
Cuz I'm actually  
Rich and I'm having it factually  
Ain't got no help, did it manually  
Millions and millions come annually  
I'm stacking this paper up gradually  
What the fuck is a little band to me  
I got 100k randomly  
If he hatin he a fan to me

I don't mess with you cuz I know you fake  
I'm dropping these dollars I know you gon chase  
I keepin it positive, hakuna mata, struggle so hard, made minimum wage  
Show off, Ima swerve the lane  
I stay in my vibe, I stay in my lane  
I see that you live in LA girl and I'm really not giving no fucks bout fame  
Dipped out in a McLaren I hit it  
You know she a 10 and I'll smack it, I'll hit it  
I swear she on my radar  
I'm straight from Florida gator  
Give a fuck bout what you think  
I can smell that you are just so fake  
Chillin in a mansion, you know this shit dancing  
You know I got options, she ain't average yeah  
I'm tired of starting away,  
These drugs are feeling waste  
I hate society, I love you, stay away  
That's a problem in my eyes  
I hope it is synchronized  
You know I was a broke kid  
So you seen when I was homeless tho
