

# I Need Security

DDG

I need security  
They know I got racks in the back of the back and these diamonds got clarity  
They know I got millions, they thinkin I'm different  
These niggas is scared of me  
My new bitch got money  
She takin me shopping  
I told her Amiri me  
I go to the mall with a stack of the hundreds and spend it for therapy  
I need security  
This VVS clarity  
They come with charity  
They ask for the truth but they daring me  
I hop out the lamb like I'm Jeremy  
I'm famous, I got popularity  
She want me to pull up but I can't by myself  
I need security

I pay a nigga to roll with a mag so I don't gotta scrap  
City to city, I'm tryna get jiggy you know where I'm at  
She wanna follow on IG, I cap like I don't got the app  
I'm making millions off other shit chillin, I don't gotta rap  
What do they wanna know  
I got em movin, Geronimo  
I get this cheese and this bread like I'm Domino's  
She wanna fuck with the condom off  
Hit from the back and I'm ripping her bonnet off  
I bust a nut and I wonder off  
She gon get freaky as soon as the camera off  
Fuck til I run out of stamina

I need security  
They know I got racks in the back of the back and these diamonds got clarity  
They know I got millions, they thinkin I'm different

I'm famous, I got popularity  
She want me to pull up but I can't by myself  
I need security

I'm in a mansion, I'm stuck by myself  
This shit not good for my health  
I be lowkey in the city I'm stealth  
Greatness is key to the wealth  
Circle as small as a period  
Don't fuck with nobody period  
We can just cuddle when she on her period  
Ima just be hella horny and furious  
I am a dog, I know I'm an animal  
Eatin the pussy she think I'm a cannibal

My bitch is soaking, it's wet in her vaginal  
I'm rockin Louis and Gucci it's casual  
Understandable  
I'm takin Zooted to go international  
This weed is zooted it's hellas inflammable  
I hit in once and start acting irrational  
Don't wanna do it, don't gotta do it  
Como estas, speakin in Spanish like I speak it fluent  
I grip on her ass, she don't got no panties  
She tryna get to it  
She want me to pull up but I can't

I need security  
They know I got racks in the back of the back and these diamonds got clarity
