Tre on the beat, yuh
I put the racks in the mattress

I bought a Beamer to race
I shoulda bought me a Wraith
These niggas be broke, so they hate
Appointment for money, I'll never be late
All night I been thumbin' through cake
Dickdiamonds splash, put my neck in a lake

Pockets be lookin' like lettuce

Pockets be lookin' like lettuce, ayy
Pockets be lookin' like lettuce

Pockets be lettuce like green
Blue hunnids, stuffed it all in my jeans
Take one like we shootin' a scene
Rich boy and I'm only a teen
I can never go broke
Cali weather, I can't fuck with no coat
Call yo bitch, tell her I'm tryna poke
Neck wet and my wrist on soak
I hit with no date
If she make me bored, I'm gon' skate
Penthouse and an i8
For the pussy, I won't wait
I cannot starve
Ten bands open tab at the bar
Too lit, I can't hop in the car
Zero speed, dash lookin like par
She fell in love with my bank
Green like weed but my money don't stink
Hybrid whip with no gas in the tank
I'm gettin money, nigga, fuck what you think

Stop boostin', bitch you know I'm the man
I do not care for these hoes
Bust a nut and it land on her nose
Kick her out, let her put on her clothes
Slut walk, nigga, that's Amber Rose
I made a hunnid in 30, but I need a hunnid a day
Young nigga steady pavin' the way
Big money, I'm increasin' my pay
This one girl said I'm ugly
I just thought the shit was funny
Bet bread that she fucked me
When she see me get money
My life real, no effects
Direct deposit, I can't fuck with no checks
