Rich niggas, bad bitches, we don't fuck with scrubs

Her ex nigga trippin' but we don't give a fuck  
You want static, if you want her you can have it  
Squad ready, eyes peeled, you will never catch us lackin'  
We all know you not tough, stop actin'  
I just got a fresh cut so you not I'm not cappin'

Coulda tagged 'em with my homie but I did 'em both solo  
Rolls Royce whippin', I got hoes in the Wraith  
Hotboxing with the stars in the California state  
And I'm zoomin', niggas lit, I just blew a whole eighth  
Cruisin' down the 101, slow it down, drive safe  
Hollywood with my niggas, we at Playhouse  
130 through the back
