

On The Low

DDG

It's that Henny in that cup, y'know what I'm sayin'
That's- that's all I- that's all I be doin'
I made this song for the niggas that do all that extra shit, but y'know what
I'm sayin'
It is what it is, but still I'm 'boutta sing, though

I pop a xan on the low
I'm on that loud on the low
I sip that lean on the low
I pop a perc on the low
I fuck with her on the low
She fuck with me on the low
I know her man and her know
'Cause I do this shit on the low
I pop a xan on the low
I'm on that loud on the low
I sip that lean on the low
I pop a perc on the low
I fuck with her on the low
She fuck with me on the low
I know her man and her know
'Cause I do this shit on the low

I got more bread than a sub
Gucci just spent me a dub
Bitch, I ain't give her no hugs
The lean got me slow like a slug
I just be sippin' that Henny
Loud got me posted at Denny's
They ask for [?], I got plenty
My bands cannot fit in these skinnies
I'ma go fuck on your bitch
You never gon' know about shit
With all of this money I get (Yeah)
And DDG never gon' quit (Hm)
We put the Bimmer in park
And pour up a sip in the dark
She think that relation's gon' start, nah
But I'ma just play with her heart
Bitch, I don't fly like a kite
My shooters be strapped like a dyke
She used to be lesbian, 'til I fucked her
Now she don't know what she like
I'm Gucci from head to my toe
I don't rock Polo no more
DDG poppin', I know
'Cause I do this shit on the low

I pop a xan on the low
I'm on that loud on the low
I sip that lean on the low
I pop a perc on the low
I fuck with her on the low
She fuck with me on the low
I know her man and her know
'Cause I do this shit on the low
