They just wanna copy me and be a clone of me
It don't ever work because it's only one of me
When I ain't have no money, wasn't nobody callin' me
Now I got some motion, now you wanna ball with me (Yeah, yeah)
Drippin' in Dior, I got your rent, it's on feet (Drip)
I just hit the lot and spent a hundred on the drip (Spent)
Ooh, I'm so excited, all these bitches all on me (Ooh)
And she know that I'm a dog, I don't know what she saw in me (Ooh)

But I'm here, don't care, my drip Amiri
It's VVS in both my ears (Uh, uh, uh)
Let's make it clear 'bout my career
I'm one of one, a pioneer (Shh, shh, shh, shh)

Huh, I don't wanna rent, I wanna own one
AP skelly, openwork, rose gold one
Four-car garage, five foreigners, so I sold one
I know so much shit that I can tell, but I ain't told none
Niggas keep on speakin' on my name, but they don't know me (Dah)
I can turn into a fuckin' demon, keep it holy (Grr)
This a two-door with four bitches like I'm Kobe (Damn)
Glocky on my side, they don't think I got it on me (Boom, boom, boom, boom)

But I'm here, don't care, my drip Amiri (Huh)
It's VVS in both my ears (What?)
Let's make it clear 'bout my career
I'm one of one, a pioneer

I be floatin', never sinking (Sink, sink)
That my shorty, that my baby, that my stink-stink (Stink)
I upgraded to a Lambo from a rink-dink
I ain't seen my dog in years, he in the precinct (Damn)
Niggas tried to slide on me, what was he thinking? (Huh?)
I be paranoid even when I'm blinking (Huh?)
Phone on DND, I hate to hear it ringing (Ring)
Tryna pull up to the crib, who you bringing? (Who the fuck?)
I got your bitch, she in my city tryna link me (Link)
She said she hungry, not for dinner, but to eat me (Eat)
That bitch gon' turn into a demon when she see me (See)
She gon' let me hit the pussy for the freeski (Free, free, free free)

They just wanna copy me and be a clone of me
It don't ever work because it's only one of me
When I ain't have no money, wasn't nobody callin' me
