If I do a show in my hometown wonder who going to show up
All of my old friends act different ever since I blown up
Moved out west got on my shit then I picked my bro up
All I see is hate on my timeline every time I scroll up

Huh
But they don't even know how I'm feeling, that shit really hurt
ing me
Why the fuck all of these people be hating on me, it ain't neve

Want to just focus on music, but all of the slander from people
detering me
I know I'm silly but I just be being myself, but I guess people

They don't understand my humor
I got to chill on the jokes
Every time I send a tweet, angry black women going to quote
But yall know I love yall, it ain't no other women above yall,
any business yall got ill plug yall, all the antics on twitter
I'm done yall, I got all of this shit out the mud yall
I'm just a young nigga trynna just conquer his dreams
If you don't fuck with my music then simply don't listen, don't

Feel like the hate a routine
I made a M as a teen
Superstar run in my genes
I wish my image was clean
I wish the people still fuck with me like it was 2017
Just because niggas is famous, don't mean that I'm not a fuckin
g human being
I still got feelings
I still get hurt
Ima follow my dreams I don't know what I'm doing but I hope the
shit works
