

# The Clinic

DDG

(TreOnTheBeat, yeah)

I've been rich for a minute  
I don't ever no check no price, I just spend it  
Bae, we can fuck up in this Maybach, 'cause it's tinted  
That Plan B not gon' work, go to the clinic  
She want my baby 'cause she knowin' that I got it  
I can't be tied down, lil' baby, I got options  
I want that pussy, but I think she want my pockets  
That pussy power, I'ma knock it out the socket

I got problems, I don't know what I'ma drive today  
I called my driver, told him, "Take me up a mile away"  
We in the Maybach  
If you wanna fuck with me, bae, just say that  
I fuck as soon as I touch down, run that playback  
Meet me at the hotel, not where I lay at  
I'ma fly her to L.A. and take her to the beach  
Exotic whips, I be fuckin' on reclinin' seats  
I told her put the curtain up, if she wants some privacy  
Rollin' up exotics, ain't nobody gettin' high as me  
I told her, "Smoke a blunt and pass it to me while you ridin' me"  
She kept on fuckin' coughin', she said "You too deep inside of me"  
I'm a CEO, niggas really broke  
Never stretch no bitches, nigga, I got plenty more  
M-59, in the Scat, I do a hundred  
DG on the dash, in the city, I be stuntin'  
I can throw a slatt, run it back, or I could punt it  
I could throw a pitch, get a hit, or I can bunt it  
Either way I'm winnin'  
Spent six figures on my chain and my pendant  
All checks clear, I don't like when shit pendin'

I've been rich for a minute  
I don't ever no check no price, I just spend it

That pussy fire, so you know I sent the payment (Woo)  
She say she love me, never dated (Real)  
First night, that was easy, heard you waited (Oh, yeah)  
Life lit, boy, I'm Gucci, Radric Davis (Yeah)  
Swervin' up the large scooper in the squad  
Rollie for the time and fashion from the vibe  
Baby, be for real, I looked her in her eyes  
You here for the check, you know I got a lot  
Sex, money, and murder, I pop a Perky and hurt her  
Look at us, the way we gangin', ain't know the bitch was a squirter (Gang)  
Leave the shit on her face, no Plan B, no infertile  
It's fire, baby, and yeah, it's from all this paper I'm burnin', for real
