

# Well Off

DDG

Brodi poppin' xanny's, he just wanna take the edge off  
He just seen a opp at the store but he sped off  
Gotta keep it on me cause these niggas know I'm well off  
(Yeah these niggas know I'm well off)

Young ass nigga but I move like I'm the oldest  
I was grindin' hard but them bitches never noticed  
Nigga this our moment, we ain't never foldin'  
I bought a Beretta it ain't empty, that bitch loaded  
Camera live my life, I got obsession with the static  
Let a nigga try me I'ma let a nigga have it  
Coffin or a casket, bag or a basket  
I got all the bitches, on my momma I'm a magnet  
Never in a LA, I can not do it, they be fakin'  
Niggas act like they be really friends and they be hatin'  
Hollywood is Satan, but it is what you make it  
I'm just really focused on the green, worth the Latin

Brodi poppin' xanny's, he just wanna take the edge off  
He just seen a opp at the store but he sped off  
Gotta keep it on me cause these niggas know I'm well off

Alone and afraid in LA it's a mess now  
She wanna follow dreams and be great but she stressed out  
Shorty posting pictures on the 'Gram with her chest out  
Started Onlyfans, swipe up to check the rest out  
2020 vibes, nigga, take me back to '19  
When I bought that brand new Bimmer, I was nineteen  
Usually I charge twenty but I charged him nineteen  
Spent a sixteen on a Rolex and some Nikes  
They was tryna doubt a nigga  
Fuck you bitch I'm clouted, nigga  
Wrote this in a hour, nigga  
CEO, in power, nigga  
Stackin' up my chicken and the drip is sweet and sour, nigga  
If I slide in her DM's today I'll hit tomorrow, nigga

Bottoms up, bottoms down  
Call her over, fuck around  
Fall in love, let her down  
Leave her in the lost and found  
I'm a dog, yeah, I know  
I could never love a ho  
Bet my ex, she will know, but I bet the dick was dope

Brodi poppin' xanny's, he just wanna take the edge off  
He just seen a opp at the store but he sped off  
Gotta keep it on me cause these niggas know I'm well off  
(Yeah these niggas know I'm well off)
