

## what i prefer

DDG

I'm out of town, I'm goin' out  
I'm on the road, just hold it down  
I'm at the club, it's hoes around  
But that's not what I prefer  
The fame gon' make it easier  
I didn't have to speak to her  
She still gon' let me sleep with her  
But that's not what I prefer

I need a stay-at-home girl, yeah  
Not-always-in-her-phone girl, yeah  
Not-scared-to-be-alone girl, yeah  
Not influenced by her homegirls, yeah  
She allergic to FOMO, the fear of missin' out  
She ain't nothin' like all these other girls out here chasin' c  
lout  
She barely leavin' the crib, she don't like goin' out  
She ain't out here shakin' her ass on Instagram accounts  
She a homebody  
Small circle, she don't open up for nobody, yeah  
She a homebody  
Cold-hearted, man, that motherfucker froze probably, yeah

I'm out of town, I'm goin' out
