

guided by the senses
with a licence to provide
bits of low-life to the senseless
you can't be jekyll and I can't can be hyde

enjoy the secret service
and the messages you'll get
and I hope you can tell by the intention
who is the spider in the net?
who is the spider in the bnet?

well you've got to meet me online
(I've been) disconnected for a long time
well you got to meet me online
(I wanna) download you for a lifetime

I wanna download you for a lifetime
I wanna donload you...
download you for a lifetime

today they won't use nails
jesus would not be crucified
he would be choked by nails

well you've got to meet me online
(I've been) disconnected for a long time
well you got to meet me online
(I wanna) download you for a lifetime
