Bleed Me White

I'm afraid of you When I see you glare I will go down on my knees I'd do anything for you Want to taste all sins I lick off your feet I can't get enough I can never stop the lust

I keep still now you can bleed me white If you stay you see my second side I keep still now you can bleed me white You'll discover an undying light

I play the fool for you I lay down my pride I will go down on my knees I'd do anything for you You can seal my fate I give my heart to you I can't get enough I can never stop the lust

I keep still now you can bleed me white If you stay you see my second side I keep still now you can bleed me white You'll discover an undying light
