

Hard On Yourself

Dea Matrona

Here we go again when the road gets cold
And you're trying to ease the pain of a heavy load
Watching winter fall when the night gets long
There's always plenty men in town you can settle down
You're never gonna make it
You're never gonna make it
You think the cold winds will blow you down

When the whole world is looking at you
The whole world is looking at you
Don't go too hard on yourself
When you don't know what to do
You don't know what to do
Don't go too hard on yourself

Waiting at the side of the hotel bar
And just looking on by as the drink goes sour
Thinking of the times with the boys I've known
And just wondering how I'll ever get home
You're never gonna make it
You're never gonna make it
You think the cold winds will blow you down

When the whole world is looking at you
The whole world is looking at you
Don't go too hard on yourself
When you don't know what to do
You don't know what to do
Don't go too hard on yourself

Here we go again when the road gets cold
Trying to ease the pain of a heavy load
I'm gonna get that boy again
Here we go again in the morning time
Looking for a lover I can easily find
I'm gonna try the best I can

When the whole world is looking at you
The whole world is looking at you
Don't go too hard on yourself
When you don't know what to do
You don't know what to do
Don't go too hard on yourself
Don't go too hard on yourself
