

# A Walk in the Woods

Deacon Blue

Took a walk to the morning  
To the morning at last we came  
I don't know how you hold on  
Holding on's like holding rain

We took a walk in the woods  
Just to find ourselves alone  
We took a walk in the woods  
To try to find our way home  
Our way home

The night is done, now comes the morning  
Time to let go, time to change  
I don't know how you hold on for ever  
How you hold on to everything

We took a walk in the woods  
Just to find ourselves alone  
We took a walk in the woods  
To try to find our way home  
Our way home

We took a walk in the woods  
Just to find ourselves alone  
We took a walk in the woods  
To try to find our way home  
Our way home  
Our way home  
Our way home
