

Take Me

Deacon Blue

Of all the things left in this world
There's one thing I wish you'd heard from me
The cry from deep inside my heart
When you walked away

Standing all alone right now
Lost inside an empty house some nights
There's nothing here when love's locked out
And you're not around

Hey, hey, hey
What would you say
If I let you in
And I gave you just one day

If I told you what I could have done
And what I might have been
If I told you what my heart proclaimed
I dared to dream, dared to dream
If I told you about the constant doubt
And how I shut it down
If I told you everything just once
Will you take me now, take me now

Take me
To a place I've never been to
Take me
Down a road I wouldn't know
Take me
Unlock the doors and set me travelling
Take me
Take me with you if you go

When I let you walk away from me
I tried but I just couldn't see anything
What I had to do was easy
To make you believe

Hey, hey, hey
All I had to say
I'm the real thing
If you could only see

If I told you what I could have done
And what I might have been
If I told you what my heart proclaimed
I dared to dream, dared to dream
If I told you about the constant doubt
And how I shut it down
If I told you everything just once
Will you take me now, take me now

Take me
To a place I've never been to
Take me
Down a road I wouldn't know
Take me

Unlock the doors and set me travelling
Take me
Take me with you if you go

It's a long road back from here
It's a long road back

Take me
Take me
Take me
To a place I've never been to
Take me
Down a road I wouldn't know
Take me
Unlock the doors and set me travelling
Take me
Take me with you if you go
