

# Wait on Me

Deacon Blue

In the dark of the night and it's cold  
Cold outside  
When there's nothing ahead, and you can't  
Can't go on

Dead ahead and don't look back  
Keep your eyes upon the road  
Don't get troubled by what you can't see  
If you can, keep your eyes fixed on the light  
If you can't

Wait on me

When the road up ahead seems to stop  
And there's nowhere to go  
Wait on me, wait on me  
When the things that once made you smile  
Make you cry  
Wait on me

I can't tell you how to think  
What to do, where to go  
Even if I wanted to  
So if you can  
Try to follow your heart  
If you can't

Wait on me  
Wait on me

If you're waking up all night  
Waiting for the morning  
Dying for the dawn  
To light up all the wrong things  
Just know this night is done  
If you can hold on, I'll be right along

Wait on me

Wait on me  
Wait on me  
Wait on me  
Wait on me  
Wait on me  
Wait on me  
Wait on me  
Wait on me  
Wait on me
