

## Big City

Dead Boys

To late to go back home  
Stranded in the streets  
Sweating in the heat  
Don't care to be a star  
Poundin on the door  
Sleepin on the floor

Big city, ain;t to pretty  
Big city, nice and loud  
Big city, don't want no pittty  
Big city, its one big crowd

No chance to make the big time  
I've been workin hard  
Got to take it far  
No love along the way  
I've been movin fast  
Got to make it last

Big city, ain;t to pretty  
Big city, nice and loud  
Big city, don't want no pittty  
Big city, its one big crowd

They say no, no, no  
Everywhere I go  
But I'm gonna win  
Agains the odds  
And my flaws  
Here in the city of sin, in the city of sin

I've got to get ahead  
Too many sceams,  
Too many dreams  
I got to be somebody  
Got to bleed for the things I need

Big city, ain;t to pretty  
Big city, nice and loud  
Big city, don't want no pittty  
Big city, its one big crowd  
Big city, ain;t to pretty  
Big city, nice and loud  
Big city, don't want no pittty  
Big city, its one big crowd
