

## Dead and Alive

Dead Boys

Caretakers of the streets  
Virgins with tainted saviours  
Hippies hustling chump change  
Don't know the days from the night

[Chorus:]

Dead and alive ain't breathing I'm  
Dead and alive feeling so damn  
Dead and alive

Being a servant by day  
Smiling and stroking my way  
I get my lovin' outta magazines  
But keep your hands off a me

[Chorus]

Murder takes a city's night  
Feeding it's wanton flame  
Come excite the streets with me  
But don't cha ask my name

[Chorus]
