

# Stand For Something

## Dead Eyes

What the fuck is up, Deadkru  
I am here  
To let you know  
That this world  
Is yours for the taking  
So let me see you run it

Growing up no one gave us anything  
Hand to mouth struggling just to make ends meet  
Two jobs only making two hundred a week  
It's time to let us speak

Cause we can have whatever we want  
Yeah we can have whatever we want

You say you wanna stand for something  
Empty words mean nothing  
Do you know the tide is turning  
Can you feel the riot coming

You say you wanna stand for something  
Empty words mean nothing  
Do you know the tide is turning  
Can you feel the riot coming

Have you had enough  
Are you fed up  
Are you one of us  
We pick each other up  
Find within yourself whatever power you hold dear  
The strength to make somebody else  
Survive the weight that pushed you here

Cause we can have whatever we want  
Yeah we can have whatever we want

You say you wanna stand for something  
Empty words mean nothing  
Do you know the tide is turning  
Can you feel the riot coming

You say you wanna stand for something  
Empty words mean nothing  
Do you know the tide is turning  
Can you feel the riot coming

We are the few  
We'll get what's due  
Always come through  
Deadkru fuck you

You say you wanna stand for something  
Empty words mean nothing  
Do you know the tide is turning  
Can you feel the riot coming

You say you wanna stand for something

Empty words mean nothing  
Do you know the tide is turning  
Can you feel the riot coming

You say you wanna stand for something  
Empty words mean nothing  
Do you know the tide is turning  
Can you feel the riot coming
