

## Disconnect And Apply

### Dead Letter Circus

I don't think I can take this one more day in one day  
out  
My tolerance has faded I am holding on here now why

I can't take another day of this  
I don't feel it  
I object to life inferior  
I can't face another day of this  
I don't feel it  
I reject this life inferior

Feel the world inside my head  
I'm fine

I can't even relate to all these dead end one way lines  
Apply and disconnect here so that I can here the sound  
in my (mind)

I can't take another day of this  
I don't feel it  
I object to life inferior  
I can't face another day of this  
I don't feel it  
I reject this life inferior

Feel the world inside my head  
I'm fine

Let go  
Always I can find a way

I can't take another day of this  
I don't feel it  
I object to life inferior  
I can't face another day of this  
I can't feel it  
I reject this life inferior

See you at work on monday
