

Show Me

Dead Letter Circus

Here we go again
One more lie
Will we swallow it?
Disengage
As we wave goodbye
Removed
Convinced that our hands are dry
And nothing is wrong
It's over for one more day

Say it loud
Show me your faith in the solution, almost there
Or sing it loud
Open up now
An army for peace
For revolution
We're almost there
They're almost dead

Keep this in mind
You're seeing it live
The blood running is real
See through the grey
Keep it in mind
Real or not
Show me an opinion
Don't turn away for one more day

Say it loud
Show me your faith in the solution, almost there
Or sing it loud
Open up now
An army for peace
For revolution
We're almost there
They're almost dead

Close your eyes, you are one of them
Turn your back, you are one of them
A killer

Say it loud
Show me your faith in the solution, almost there
Or sing it loud
An army for peace
For revolution
Almost there
They're almost dead
Open up now
