

Heaven

Dead Meadow

The leader of this land
thinks that evil has a life of its own
Don't he know the shadows that he sees
are nothing but his own

----(Feathers version)----
Blessed by the blood of Abraham
but the blood on your hands
don't make a man
So come on kid
try to keep it still
maybe even try to understand

Heaven isn't too far
It's far enough
We've been here for too long
not long enough.
