

Fan The Flame

Dead or Alive

Does my sexiness offend you when I walk into the room?
Don't you ever learn?
You are about to meet your doom
That's life
Like the fire melts the ice
Every moth that takes the candle pays a price Fan the flame
Fan the flame
Fan the flame
You will remember my name
Some people can be happy living in the gloom
I can't live that way
So step inside
I haven't got a name but what I give you is a chance to
Fan the flame
Fan the flame
Fan the flame
You will remember by name
Fan the flame
Fan the flame
Fan the flame
You will remember my name
Did you ever happen to hear about voodoo? Puts the power into e
verything that I do
Fan the flame
Fan the flame
Fan the flame
You will remember my name
Fan the flame
Fan the flame
Fan the flame
You will remember my, you will remember my, you will remember m
y name
weine ich nicht
Menschen umschwirren wie Motten das Licht aber wenn sie verbren
nen, weinen werde ich nicht
