

# I'd Do Anything

Dead or Alive

I would do just about anything (repeat)  
Well I used to have what I would call  
A very limited vocabulary  
And the only two words  
I could wrap my tongue around  
Were "i" and "me"  
But now I feel so clever  
That you would swear I ate a dictionary  
And the new word that I've added  
Brings up my words to three  
What am I gonna do  
Word number three is "you"

\*I would do anything, anything  
I would do anything, anything  
Anything to be with you  
Anything you asked me to  
I would do anything, anything  
Just about anything, anything  
Anything to be with you  
Anything you asked me to

Oh the meaning of my feelings  
It is not written in no dictionary  
And I've tried to find the meaning  
In a phrase book or two  
Well there are somethings you can only say  
If you have a healthy body  
So come on, baby, let's talk together  
For a day or two  
You know what I will do  
For a day or two  
You know what I will do  
You know what I need from you

(\* Repeat)

Won't you come back, won't you run back  
Won't come back and play with me  
Won't you run back, won't you run back  
Won't you run back and stay with me

I'd do anything, anything  
Just about anything, anything  
Anything to be with you  
Anything you asked me to

\*\* I would do anything, anything  
Just about anything, anything  
Anything to be with you  
Anything you asked me to

(\*\* Repeat 2 times)

I would do anything, anything  
Just about anything

I would do, do, do, do, do
