

Just What I Always Wanted

Dead or Alive

I was looking for action,
Danger,
When I first arrived,
Something in you reminded myself that I was still alive,

I was looking for something special,
When I looked at you,
Thinking of the pleasure that you could take me to,

Pardon me for asking but did you come here alone?
The answer's yes, I am impressed,
Oh baby, take me home,

Cause he's just what I wanted,
He's just what I always wanted,
He's just what I always wanted,
He's just what I always wanted,
Cause he's just what I wanted,
He's just what I always wanted,
He's just what I always wanted,
He's just what I always wanted, wanted, wanted,

***, darling,
Let's call the whole thing off,
I've got champagne and satin shoes,
The most important stuff,
So, that we'll drink to good times, red wine,
Going to my and I should be with my baby, but I'm here with you instead,

There is no explanation,
It's a phase I'm going through,
I've packed my bags,
Returned the rings,
These things I gotta do,

Cause he's just what I wanted,
He's just what I always wanted,
He's just what I always wanted,
He's just what I always wanted,
Cause he's just what I wanted,
He's just what I always wanted,
He's just what I always wanted,
He's just what I always wanted, wanted, wanted,

Pardon me for asking but did you come here alone?
The answer's yes, I am impressed,
Oh baby, baby, baby, baby, take me home,

I was looking for something special,
When I looked at you,
Thinking of the pleasure that you could take me to,

Pardon me for asking but did you come here alone?
The answer's yes, I am impressed,
Oh baby, take me home,

Cause he's just what I wanted,

He's just what I always wanted,
He's just what I always wanted,
He's just what I always wanted,
Cause he's just what I wanted,
He's just what I always wanted,
He's just what I always wanted,
He's just what I always wanted, wanted, wanted,

He's just what I wanted,
He's just what I always wanted, wanted, wanted
