

# The Stranger

Dead or Alive

It's dangerous to go over the well defined white line  
It can cause some men to sleep on nails, your best friend to eat fire  
But where will it lead? Where will it lead, this stranger?  
A few months after, you should feel like a well used railroad line  
You'll have a brand new way to run the world, with a hyperactive mind  
Off in the distance, despairing for me  
Where will it lead, where will it lead?  
Right into danger  
Your good looks are fading and you're losing your identity  
I'm watching and waiting in a wholly different way  
Off in the distance, despairing for me  
Where will it lead? Where will it lead?  
Where will it lead? Where will it lead?  
It's dangerous to move over your well defined white line  
It can cause some men to sleep on nails, your best friend to eat fire  
But where will it lead? Where will it lead?  
Where will it lead? Where will it lead?  
Right into danger  
With some stranger  
Something's happening, something's terribly wrong  
I can't feel my senses, can't tell where I belong  
And now that I'm knowing the me that's to be  
Enjoying in me [?]  
This stranger  
Give me, give me some danger
