

Boogeyman

Dead Posey

Come this way
That's what I hear him say
From somewhere beneath
He takes ahold of me

In his eyes a gleam
Only seen in a dream
Shedding the fleshed clutch
His hand I wanna touch

Gonna open the doorway
To the in-between
Comin' and goin'
As I please

When I'm all turned upside down
Wrong way on a broken street
Boogeyman won't you come for me
When I'm all turned upside down
And I got that aching need
Boogeyman yea he'll come for me
Yeah he'll come for me
Yeah he'll come for me
Oh oh come for me

Pullin' me in
He steals away my sin
Lifted from the mud
I feel him in my blood

Like lifetimes before
He cuts down to the core
Where the monsters breed
He'll reach inside of me

Gonna open the doorway
To the in-between
Comin' and goin'
As we please

When I'm all turned upside down
Wrong way on a broken street
Boogeyman won't you come for me
When I'm all turned upside down
And I got that aching need
Boogeyman yea he'll come for me
Yeah he'll come for me
Yeah he'll come for me
Oh oh come for me

Gonna open the doorway
To the in-between
Comin' and goin'
As I please

When I'm all turned upside down
Wrong way on a broken street

Boogeyman won't you come for me
When I'm all turned upside down
And I got that aching need
Boogeyman yea he'll come for me
Yeah he'll come for me
Yeah he'll come for me
Oh oh come for me
