

# Don't Stop The Devil

Dead Posey

Hey you  
Baby blues  
Show me whatcha gonna do

Mad Jack  
Dressed in black  
Gonna give Mama a heart attack

Soul buyer  
Spittin' fire  
Only your touch gonna get me wild  
Say I'm not a sinner  
But you make me a liar

I like the games we play  
When you're inside my veins  
No a little good  
Don't stop the Devil

If I go up in flames  
Then just put me away  
Cause a little good  
Don't stop the Devil

Hellbent  
Left again  
Ain't comin' back til' god knows when

Oh yeah  
I'll be damned  
Gonna make a deal with the back door man

Soul buyer  
Spittin' fire  
Only your touch gonna get me wild  
Never was a sinner  
Til' you set me on fire

I like the games we play  
When you're inside my veins  
No a little good  
Don't stop the Devil

If I go up in flames  
Then just put me away  
Cause a little good  
Don't stop the Devil

Soul buyer  
Spittin' fire  
Only your touch gonna get me wild  
Say I'm not a sinner  
But you make me a liar

I like the games we play  
When you're inside my veins  
No a little good

Don't stop the Devil

If I go up in flames  
Then just put me away  
Cause a little good  
Don't stop the Devil
