

Parasite

Dead Posey

Oh I tripped and fell
And found myself in Hell
I scratched the walls
All the way down
I swear I'm not crazy
But you make me feel insane
It's like an infection
Eatin' my brain

I'm not feelin' healthy
Got a disease
You've been so unkind
You crossed the line
I'm just gettin' started
Yea I'm not dead
I'm puttin' up a fight

You feed like a parasite
And it ain't feelin' right
Oh I tried playin' nice
But you bite
I'll bleed out your sickness
To let in the light
Oh dead or alive
I'll get you out of my sight
You're a parasite

You're a parasite

Now I'm feelin' numb
To what I have become
I drank your poison
Swallowed the pain
I don't know how to be
When you're suffocating me
I'll get protection
Shake this unease

I'm not feelin' healthy
Got a disease
You've been so unkind
You crossed the line
I'm just gettin' started
Yea I'm not dead
I'm puttin' up a fight

You feed like a parasite
And it ain't feelin' right
Oh I tried playin' nice
But you bite
I'll bleed out your sickness
To let in the light
Oh dead or alive
I'll get you out of my sight
You're a parasite

You're a parasite

You feed like a parasite
And it ain't feelin' right
Oh I tried playin' nice
But you bite
I'll bleed out your sickness
To let in the light
Oh dead or alive
I'll get you out of my sight
You're a parasite

You're a parasite
