

# Welcome To The Nightmare

Dead Posey

Burn burn it down to hell  
America she's unwell  
Welcome to the nightmare tonight  
Where leaders lie and freedom dies

Come all believers  
Pledge your allegiance  
Pray to a loaded gun  
Witches are burning  
No ones returning  
We're the unholy ones  
One nation under a false god  
In liberty and justice for some

Hypnotized by the lies of the motherland  
We been blind, traumatized by this fatal trance  
Blood is shed for the red white and blue  
Lady liberty where are you

United we fall  
Together we crawl

Burn burn it down to hell  
America she's unwell  
Welcome to the nightmare tonight  
Where leaders lie and freedom dies  
We'll entertain you  
We'll suffocate you  
We'll dominate you  
You won't mind  
We'll penetrate you  
Manipulate you  
Suck you dry till you're dead inside

Come all believers  
Pledge your allegiance  
Pray to a loaded gun  
Witches are burning  
No ones returning  
We're the unholy ones  
Oh, say can you see  
The vampires terrorizing your TV

Burn burn it down to hell  
America she's unwell  
Welcome to the nightmare tonight  
Where leaders lie and freedom dies  
We'll entertain you  
We'll suffocate you  
We'll dominate you  
You won't mind  
We'll penetrate you  
Manipulate you  
Suck you dry till you're dead inside

Choking on our hypocrisy  
Where the hell's the democracy

We say it's the land of the free  
And we all pretend we're living  
The American dream

Burn burn it down to hell  
America she's unwell  
Welcome to the nightmare tonight  
Where leaders lie and freedom dies  
We'll entertain you  
We'll suffocate you  
We'll dominate you  
You won't mind  
We'll penetrate you  
Manipulate you  
Suck you dry till you're dead inside
