

Zombies

Dead Posey

Yeah, I'm the villain so off with their heads
No, I'm not fucking with fair weathered friends
You know who you are no need to pretend
'Cause I'm only down with the damned and the dead

You fooled me once, it won't happen again
Go hide your crowns 'cause I'm here to offend
So here's your warning, yeah, this is the end
'Cause I'm only down with the damned and the dead

Got my demons by my side and the devil's my friend
You sent me to hell so I plotted my revenge

I got a thirst, yeah, a thirst for blood
I can't resist 'cause what's done is done
I've got a thirst, yeah, a thirst for blood
I can't resist 'cause what's done is done

If you wanna stop me, you'll have to kill me
All of you zombies die for the fame
If you wanna stop me, you'll have to kill me
All of you zombies die for the fame
May you rot in vain!

Yeah, I'm the villain so off with their heads
No, I'm not fucking with fair weathered friends
You know who you are, no need to pretend
'Cause I don't forgive and I never regret
Backstabbin' rats just chasing the trends
They hate you, they love you, then they hate you again

Yeah, I'm only down with the damned and the dead
I'm only down with the damned and the dead
I'm only down with the damned and the dead
I'm only down with the damned and the dead

I got a thirst, yeah, a thirst for blood
I can't resist 'cause what's done is done
I've got a thirst, yeah, a thirst for blood
I can't resist 'cause what's done is done

If you wanna stop me, you'll have to kill me
All of you zombies die for the fame
If you wanna stop me, you'll have to kill me
All of you zombies die for the fame
