[Intro]
We could grow
We could develop
As we know, the heaven is not a place
And happiness lives in the heart
Long as the world keep turning
I do years, we keep on learning
Ya heard?

[Hook]
Keep on learning, and soaking up game
We gon' make mistakes, we gon' go through some things
Keep on growing, keep on soaking up game

If something ain't working, don't be afraid to change

[Verse 1]

Nobody know it all, as soon as you think you do - that's when you fall We gotta do more than survive, we must evolve
Things change just when you think you seen it all
We trip, we stumble but we get back and strike
Each day, all the way, one step at a time
Don't wanna let my ego and pride make me blind
The elders say "when you stop growing - that's when you die"
The one who gets the knowledge is the one who asked "why?"
Through the course of life, you gon' taste some humble pie
But I love it - it makes me appreciate the things that I take for granted
Gaining insight and understanding
Each one, teach one, we got to pass it on
Keep doing the knowledge, building and had in all
We're fake that need assumption
That nobody knows everything but everybody knows something

[Hook]

[Verse 2]

The more you know, the more you know - you don't know And if you don't know there's more you can know then you won't grow What you don't know can hurt you, discipline is a virtue You gotta ask the right questions It helps you go into cycles and cyphers and spirals Information is viral, it infects you It's contagious and have you going through stages Like deny, you don't believe that, no, we didn't do that Then reality set in, there's no disputing the facts Yo I'm sorry if I woke you up, but when I open up It's like I'm smoking but I'm high off the people, watch me soak it up Huey said the best education is observation and participation Study how the people be relating Different points of views turn bad news to good news See, it's kinda like some shoes cause they gotta make you move Treat it like organic food, make it something you can chew Information you can use, make it something you can do

[Hook]

[Interlude]

Aye man, it's okay to say you don't know

That's when you let go your ego You're free from all illusion, dig? Can't make moves in confusion Don't look for conflict, man Always look for the solution And my pop said "humility is a sign of wisdom" But to really soak it in, now that's a different kind of listening See men sharpen men, and every day is another lesson And it's not fair you only learn man, it's a blessing And as the Buddha says, "nothing lasts forever" You gotta manage your expectations The less we pray, the less we suffer And this way we awaken Right understanding Right thought Right speech Right action Right livelihood Right effort Right mindfulness Right focus Keep soaking Soak it up

[Hook]
