

## Eternal Gates Of Hell

**Dead To Fall**

I said the final prayer too late  
Approach those firey gates  
Condemned to eternal wait  
I paid my weight in silver and gold  
And asked for it in writing  
She looked at me with fearful eyes and said  
...and then I saw the blood coming  
The gates of hell open for me  
And as far as my eyes could see  
In carnage  
Your demise
