

We Are Dead

Dead!

Ladies and gentlemen, boys and girls
Welcome to tonight's main event
We are Dead!
You are the Damned and Restless Future
Enjoy tonight's show
One, two, one, two, three, four

Well what a place to speak under the circumstance
You say the earth is like a saying of romance
In the space between darker shades of his heart
Well he just wants to know what came up from the start
Oh

So he said:
"Here's to everyone I've met
Who I have filled up with regret
With a sense of irony
That we love what we see
I would walk across this earth
At the peril of my worst
You can wreck the bones in me
But these words will always be"

The crowd looks at him with a shade of mild consent
So we swim through a line up of all the days that we've spent
In this quiet town that we call our home
Longing to get out of all that we've known
The crowd looks at him
Only confirm that is hard to say
Is "fuck the future"

So he said:
"Here's to everyone I've met
Who I have filled up with regret
With a sense of irony
That we love what we see
I would walk across this earth
At the peril of my worst
You can wreck the bones in me
But these words will always be"

He hears his voice inside his head
One step closer to the edge
This won't be the end for him
This won't be the end for him
He hears his voice inside his head
One step closer to the edge
This won't be the end for him
This won't be the end for him

No, oh no you didn't

So he said:
"Here's to everyone I've met
Who I have filled up with regret
With a sense of irony
That we love what we see

I would walk across
This earth at the peril of my worst
You can wreck the bones in me
But these words will always be"
