She's Gone Gongwipdu

Deadbolt

One eye rolls around in her head The other lies in the palm of the dead Come to dinner one night, boy I'll tell you 'bout the time she killed Roy

Don't go boy She's gone gongwipdu I'm telling you, man! She's gone gongwipdu

She disappeared for about a week Came back on the lesbian chic Two broads doing the Watusi all night Making shakwala in the moonlight

Oh, don't go! Eee! She's gone gongwipdu Help me ah! She's gone gongwipdu

Leave her alone, boy! She's gone gongwipdu Ahh ehh! She's gone gongwipdu
