

Turk 182

Deadguy

It's been cut
And left to bleed
It stops me stiff
Feeds off my greed

I cheat death
And taste the prize
It seems like twisted luck
Everything I need

Brothers and sisters
The sky is falling
Now pay witness
The sun is burning

I won't take this buck
I'm livin' for free
You had one chance
To prove your love to me

'Cause I'm down on my luck
