

Psalm no 1

DeadLock

Happy this man, who don't go with godless
And those they on godless route
Happy this man, who don't sit with scoffers
He has predilection for the other
He's like a tree, which live on (?)
Everything what he does will be success
Happy this man, who don't go with godless
Happy this man, who don't sit with scoffers

Everything will be success
Everything will be success
Everything will be success
Everything will be success

I know it's a road to the kingdom
And I think that you know too
Everyone can take out you out road
Godless, all they has other feels
Godless route don't (?) to nowhere
Taking to the just peoples stroud
Happy this man, who don't go with godless
Happy this man, who don't sit with scoffers

Everything will be success...
