

## Screen Door

deadmau5

She caught your eye like one of those pointy hook latches  
That used to dangle from screen doors and would fly up  
Whenever you bang the door open again

She spoke with the wisdom that can only come from experience  
Like a woman who went blind  
Because she looked at a solar eclipse without one of those boxes  
With pinhole in it and now goes around the country speaking at  
high schools about  
The dangers of looking at a solar eclipse without one of those  
boxes  
With a pinhole in it

Her vocabulary was "as bad as, like, whatever"  
Her eyes were like two brown circles with two black dots in the  
center

We had never met  
We were like two hummingbirds who had also never met

And I miss her already
