

Amulet

Deadstar Assembly

Shield of salvation
Is a star of steel
Defending our faith
Scars they disappear
Opening fire
We are everything
That you fear

Never dying in vain
It's calling our name

Amulet
Shining bright
Can you hear the sound
Amulet
These walls falling to the ground
Amulet
Taking hold
Never letting go
Amulet
Overpower all control
We see the sign
It's in our eyes
We have not fallen yet
You cannot destroy our amulet [x2]

Sonic salvation
Look what we've become
Falling prey to our power
The war is won

Never dying in vain
Never feeling the pain
Now it's calling out our name

Amulet
Shining bright
Can you hear the sound
Amulet
These walls falling to the ground
Amulet
Taking hold
Never letting go
Amulet
Overpower all control
We see the sign
It's in our eyes
We have not fallen yet
You cannot destroy our amulet [x2]

Rise, now
Power is storming
This is our warning
Shine, down
We hear the calling
Your kingdom is falling

Rise, now
Power is storming
This is our warning
Shine, down
We hear the calling now

Amulet
Shining bright
Can you hear the sound
Amulet
These walls falling to the ground
Amulet
Taking hold
Never letting go
Amulet
Overpower all control
We see the sign
It's in our eyes
We have not fallen yet
You cannot destroy our amulet [x3]
