

Baptized by Fire

Deadstar Assembly

Fire come walk with me
Inferno fantasy
This is the call of the wild
To bring you to your knees
Tear down all of these walls
Abandoned and unsung
Fearless and passionate
It's what we've become

We don't belong
Fall into the fire
We don't belong
Driven by desire
Baptized by fire

From ashes we will rise
To please our appetite
Reprisal is swallowing
What's left of your pride
Believe it and be damned
It's time we take a stand
It's an eye for an eye
Now answer our demands

We don't belong
Fall into the fire
We don't belong
Driven by desire
Baptized by fire

Live fight do or die

We don't belong
Fall into the fire
We don't belong
Driven by desire
Baptized by fire
