

## Dirtier Than Sin

Deadstar Assembly

Confession is obsession with consequence  
Driving us to commit falling to temptation  
It fans the flames that we cannot resist

It's the method of our cleanse  
Wash the blood from off our chins

Sin

We're dirtier than sin  
Blood in blood out  
We're gonna break  
Now hear us shout  
Blood in blood out  
We're dirtier than sin now

Capturing our rapture beyond control  
You won't clip our wings  
Faster to disaster a lust for blood  
And arrogance is king

It's the method of our cleanse  
Wash the blood from off our chins

Sin

We're dirtier than sin  
Blood in blood out  
We're gonna break  
Now hear us shout  
Blood in blood out  
We're dirtier than sin now

Blood in blood out  
Our sins define what we're about

We are dirty

We're dirtier than sin  
Blood in blood out  
We're gonna break  
Now hear us shout  
Blood in blood out  
We're dirtier than sin now
