

Can't Help Myself

Dean Brody

If there's work
You know I'm gon' work
And if there's dirt
This ol' truck gon' swerve

If there's pretty girls
Sittin' on tailgates
Just say the word
And I'm on my way

Don't tell me bout a party on a backroad
Cause you know I'll party on a backroad all night
That's right

I like cold beer, yes I do
I like cold beer, how bout you
I turn up when I let loose
I can't help myself

Get loud on Friday night
Drop it down in 4 wheel drive
Been like this my whole life
I can't help myself

I can't help myself
I can't help myself
Can't blame nobody else
I can't help myself

Can't just have just one
Probably gon' have me another
Soon as I feel that buzz
I'll have another
And another

I'm dangerous I'm rowdy
If it's redneck I'm bout it
I'm off the wagon
I'm brown baggin'
I'm Caddillac'in don't doubt it

Find me at a party on a backroad
Cause you know I'll party on a backroad all night
Hell right

I like cold beer, yes I do
I like cold beer, how bout you
I turn up when I let loose
I can't help myself

Get loud on Friday night
Drop it down in 4 wheel drive
Been like this my whole life
I can't help myself

I can't help myself
I can't help myself

Can't blame nobody else
I can't help myself

One, two, three, four, I declare a beer war
Five, six, seven, eight, just killed another case

I like cold beer, yes I do
I like cold beer, how bout you
I turn up when I let loose
I can't help myself

Get loud on Friday night
Drop it down in 4 wheel drive
Been like this my whole life
I can't help myself

I can't help myself
I can't help myself
Can't blame nobody else
I can't help myself

I can't help myself
I can't help myself
Can't blame nobody else
I can't help myself
