

# Until The End

Dean Lewis

I was falling  
In and out of love  
I was caught inside my mistakes  
And I couldn't give them up  
I would push out anybody who would come into my life  
I was scared to open up and let them see inside

I felt it when I met you  
And I saw you standing there  
All my fears lost in your softness  
A sudden warmth in my despair  
Oh, my darling, I am all in  
Now there is no turning back  
'Cause you're every single thing  
I thought that I could never have

And I was so damn lost without you  
But in the dark you took my hand

And you said, "Hold me  
Pull me in and promise that you won't leave"  
My darling, you're the only one I'll ever need  
I'll love you to the moon and back again  
Until the end

And it's funny when I'm with you  
I start losing track of time  
I never thought that I would be here  
Just standing by your side  
Slow-dancing in the kitchen  
Just looking in your eyes  
No matter how much time has passed with you  
I still get butterflies

And I was so damn lost without you  
But in the dark you took my hand

And you said, "Hold me  
Pull me in and promise that you won't leave  
My darling, you're the only one I'll ever need  
I'll love you to the moon and back again  
Until the end

And I'll be there, love  
Just wrap your arms around me  
Don't be scared of  
Falling in too deep  
I'll always be the one  
To love you to the moon and back again  
Until the end

And when we're old and grey  
My fingers will still trace the wrinkles on your face  
I promise you  
That all my love will never fade  
I'll love you to the moon and back again  
Until the end
