

## Bonne Nuit (Goodnight)

Dean Martin

Bonne nuit goodnight  
Just dream away  
The dawn will light a bright new day  
Be cheerful in your sleepy time prayer  
The tearful never get anywhere so don't despair

Bonne nuit my love  
Dream of the land  
Where stars above fall in your hand  
And some day we'll find this where and when  
Bonne nuit 'til then

And some day we'll find this where and when  
Bonne nuit goodnight 'til then
