

# Lady Powers

Dean Ray

The other day you said you'd buy me flowers  
So you had me waiting here for hours  
Empty handed, took for granted  
My lady, lady, lady, lady powers  
The other day you said you'd take me dancing  
Nothing special, just a touch of romancing  
I can't stand it, how you take for granted  
My lady, lady, lady, lady powers

I'm not gonna beg for your respect  
I won't be defined by your eyes  
You can't refuse, I shouldn't have to use  
My lady, lady, lady, lady powers  
Lady, lady, lady, lady powers

I know that you think I'm going crazy  
But I'm not gonna settle for anything short of amazing  
Couple billion on the earth  
Don't you think I deserve someone who is gonna put me first?

I'm not gonna beg for your respect  
I won't be defined by your eyes  
You can't refuse, I shouldn't have to use  
My lady, lady, lady, lady powers  
Lady, lady, lady, lady powers  
Lady, lady, lady, lady powers  
Lady, lady, lady, lady powers

I'm not gonna beg for your respect  
I won't be defined by your eyes  
You can't refuse, I shouldn't have to use  
My lady, lady, lady, lady powers  
Lady, lady, lady, lady powers
